Purpose of this document

2 The Administrators' statement of proposals: -

- a. Brief history of the Company and summary of the Administrators' actions to date
- b. Proposals for achieving the purpose of administration
- c. Statement of affairs
- d. Statutory and other information

3 Receipts and payments account

### **Appendices**

A Pre-administration costs

B Copy of the statement of affairs

### **Abbreviations**

The following abbreviations are used throughout these proposals:

"the Company" Quibell and Son (Hull) Limited
"Hull" Quibell and Son (Hull) Limited

"the Administrators" Mark David Arthur Loftus and Ian David Green
"Sch. B1 IA86" Paragraph 49 Schedule B1 of the Insolvency Act 1986

"IR86" Insolvency Rules 1986
"the Group" Quibell Construction Group
"Drivers" Driver Consult Limited

"CJM" CJM Asset Management Limited

"the Bank" Barclays Bank Plc

"Humber" Humber Joiners Limited

"Holdings" Quibell and Son (Holdings) Limited
"Developments" Quibell and Son (Developments) Limited

### 1. Purpose of the document

I wrote to all creditors on 30 November 2010 to explain that the Company had entered into Administration and that Ian Green and I had been appointed as Joint Administrators on 23 November 2010 .

We were appointed as Administrators to manage the affairs, business and property of the Company. We will act until such time as our proposals for achieving the purpose of administration have been agreed by creditors and implemented, following which the Administration will be ended.

The purpose of administration is to achieve one of the following objectives: -

- (a) Primarily, rescuing the Company as a going concern, or failing that
- (b) Achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in Administration), or finally
- (c) Realising property in order to make a distribution to one or more secured or preferential creditors.

For the reasons detailed in this document, objective (b) is being pursued as it was not reasonably practical to rescue the Company as a going concern. Should that not be possible, objective (c) will be pursued.

This document and its appendices form the Administrators' statement of proposals for achieving the purpose of administration as required by Paragraph 49 Sch.B1 IA86.

As detailed in Section 2, we have formed the view that the Company has insufficient property to enable a distribution to be made to unsecured creditors. Accordingly, by virtue of Paragraph 52(1) Sch.B1 IA86, a meeting of creditors is not being convened at this time. In accordance with Rule 2.33(5) IR86 our proposals will be deemed to have been approved by creditors unless a meeting of creditors is requisitioned in the prescribed manner by at least 10% in value of creditors within eight business days of the date on which these proposals are circulated. We will write to creditors again after the expiry of this period to confirm the deemed approval of the proposals, or alternatively confirm that a meeting is to be held.

If you have any concerns or questions regarding the background to this case or what is being proposed, please do not hesitate to contact my colleague, Ruth Turner, on 0113 289 4326.

MDloffty,

Mark Loftus

Joint Administrator of Quibell and Son (Hull) Limited

Mark Loftus and Ian Green have been appointed as joint administrators of Quibell and Son (Hull) Limited to manage its affairs, business and property as its agents and act without personal liability. Both are licensed in the United Kingdom to act as Insolvency Practitioners by the Institute of Chartered Accountants in England and Wales.

### a. Brief history and summary of the Administrators' actions to date

### **Background**

The Company was incorporated in 1977, providing a wide range of construction services including masonry and engineering, mainly to public sector. The Company formed part of the Group, whose head office was based at Stepney Lane in Hull.

The head office premises on Stepney Lane is property of the Company's holding company, Quibell and Son (Holdings) Limited.

### The circumstances giving rise to the Administrators' appointment

As a result of the recent economic downturn, there was an overall reduction in demand for the construction services provided by the Company. Furthermore, the Group's stone masonry and restoration divisions, Humber were found to be unprofitable and were closed in July 2010.

The Company has relied on a significant profitable contract to fund its ongoing activities. However, prior to the Administrators' appointment this customer delayed the order for the next batch of lodges until late 2011. This created a shortfall in the Company's cashflow, with the funding that would have been required to continue trading exceeding the potential realisations from ongoing contracts.

Following the Directors' discussions with the bank regarding their financial position, a notice of intention to appoint administrators was filed in court by the Directors on 12 November 2010. Mark Loftus and Ian Green were subsequently appointed as Joint administrators on 23 November 2010.

Nick Reed, Mark Loftus and Ian Green were appointed as administrative receivers of Holdings on 29 November 2010. In addition, Mark Loftus and Ian Green were appointed as administrators over Humber on 23 November 2010, which traded from the site on Stepney Lane.

On 30 November 2010, Anthony Spencer of Eddisons was appointed LPA Receiver over two other properties owned by another Group company, Developments, which is subject to the same cross guarantees with the Bank as Hull, Holdings and Humber.

### **Pre-Administration costs**

Prior to their appointment, the Administrators incurred time costs totalling £5,890 in relation to placing the Company into Administration. In addition, the legal fees incurred pre-appointment amount to £3,926 and fees for professional services provided by Driver Consult Limited amounted to £14,000. These are summarised in Appendix A.

Specifically, time was spent by the Administrators and their staff on the following matters:

- Statutory planning work in relation to the Administration appointment, including internal compliance and risk procedures;
- Discussions with the Bank and Company directors regarding the appointment; and
- Discussions with lawyers and advisors regarding legal issues and placing the Company into Administration.

It was necessary for time to be spent on these matters in order that the Company could be placed into Administration in an orderly manner for the benefit of creditors.

The costs incurred by Drivers relate to their initial review of the Company's contracts. They spent approximately 10 days at the Company prior to the Administration appointment in order to ensure they obtained a full understanding of the current position of each contract. This review was required in order to prepare for appointment, to ensure key information and knowledge was obtained from Company files and key employees.

No costs have been paid to the Administrators' firm prior to appointment in relation to the Administration, nor were any agreements made with any parties for these costs to be paid.

Payment of unpaid pre-Administration costs as an expense of the Administration is subject to approval in the same manner as the Administrators' remuneration and certain disbursements; and is not part of the Administrators' proposals subject to approval under Paragraph 53 Sch.B1 IA86. In this case, as the Administrators have stated that they think that the Company has insufficient property to enable a distribution to be made to non-preferential unsecured creditors, it will be for the secured creditor and preferential creditors (if any) to determine these.

### The manner in which the Company's affairs and business have been managed and financed

Due to the lack of available funds, on 19 November 2010 the directors made the majority of employees redundant, and the Company ceased to trade. Following the Administration appointment, nine employees were retained to assist in the closure of the office and to provide assistance to the Administrators.

An overdraft of £35,000 was provided by the Bank in order to pay arrears and ongoing salaries for the nine retained employees. This overdraft was also used to pay incidental costs associated with the closure of the Company. This overdraft facility will be repaid from the asset realisations in due course.

The Administrators and their agent CJM, with the assistance of the retained employees, identified and secured the assets on site. Once this process was complete the remaining employees were made redundant on 8 December 2010.

On appointment, the Administrators instructed Quantity Surveyors, Driver Consult Limited, to review the contracts and any unbilled work in progress. The Administrators, with the assistance of Drivers are currently working towards the collection of the debtor book to the extent possible given the status of completion of contracts.

To date, there has been only one receipt into the Administration bank account, being the petty cash recovered from site which amounted to £26.24.

### **Objective of the Administration**

As described above, the Company had ceased to trade prior to the Administrators' appointment. Therefore, it was not reasonably practicable to rescue the Company as a going concern. The statutory purpose being pursued in relation to the Company is to achieve a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration).

It is anticipated that the purpose of the Administration will be achieved, as we expect the book debts to realise a higher value in Administration than in a winding up.

### **Dividend prospects**

### **Secured Creditor**

The Bank holds fixed and floating charges over the Company's assets secured by a debenture which was created on 2 July 1982. Furthermore, the Bank has the benefit of cross guarantees against the Company, Hull, Holdings, and Developments.

On appointment, the Bank was owed approximately £809,000 across the Group.

It is anticipated that the Bank will not recover its Group lending in full from the Company's asset realisations. However, it may recover the shortfall by way of the Group's cross guarantees.

### **Preferential Creditors**

Preferential claims represent amounts due for any arrears of wages, subject to statutory limits, and unpaid holiday pay. It is currently uncertain whether a distribution will be made to the Company's preferential creditors. Any such distribution will be dependent upon the level of recoveries from the contract debts and costs of the Administration.

### **Unsecured Creditors**

Based on the information currently available, and the extent of the preferential creditors, it is unlikely that there will be sufficient realisations to facilitate a dividend to the non-preferential unsecured creditors of the Company, by virtue of the Prescribed Part or otherwise.

### **Prescribed Part**

The Prescribed Part (Section 176A IA86 and the Insolvency Act 1986 (Prescribed Part) Order 2003) applies where there are floating charge realisations, net of costs, to be set aside for unsecured creditors. The fixed and floating charges held by the Bank are dated prior to the Prescribed Part order coming into force on 15 September 2003. Therefore, the Prescribed Part does not apply in this case.

### The initial meeting of creditors

By virtue of Paragraph 52(1)(b) Sch.B1 IA86, the Administrators do not propose to convene an initial meeting of creditors in the Company. This decision is based on the following:

- That the Company has insufficient property to enable a distribution to be made to unsecured creditors; and
- The costs of holding a creditors meeting will be disproportionate to the benefits to creditors.

However, if within eight days of the date of these proposals, at least 10% (by value) of the creditors of the Company so request in the prescribed manner, a creditors' meeting shall be convened by the Administrators. As request to call a creditors' meeting should be submitted on Form 2.21B and must include:

- A list of creditors concurring with the request, showing the amounts of their respective debts in the Administration;
- For each creditor concurring, written confirmation on his concurrence; and
- A statement of the purpose of the proposed meeting.

Please note that under Rule 2.37 IR86, the expenses of summoning and holding a meeting at the request of creditors shall be paid by those requesting the meeting and they shall provide security to the Administrators for that payment.

The Administrators' proposals will be deemed to have been approved by creditors, unless a meeting of creditors is requisitioned in the prescribed manner, within eight days of the date on which these proposals are circulated

### **Ending the Administration**

The Administrators currently envisage that once the objective of the Administration has been achieved the Administration may end in one of the manners set out in Section 2(b)(vii) below depending on the circumstances at that time.

Pursuant to Paragraph 76 Sch. B1 IA86 the Administrators' appointment comes to an automatic end after one year unless the Court agrees to extend it for a specific period. Alternatively, the relevant classes of the Company's creditors can consent to a six month extension to the Administrators' term in office. The Administrators currently anticipate that an extension may be required.

### b. Proposals for achieving the purpose of the Administration

The Administrators make the following proposals for achieving the purpose of administration.

- i) The Administrators will continue to manage and finance the Company's business, affairs and property from asset realisations in such manner as they consider expedient with a view to achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in Administration). Should that not be possible, the Administrators will realise property in order to make a distribution to one or more secured or preferential creditors.
- ii) The Administrators may investigate and, if appropriate, pursue any claims that the Company may have under the Companies Act 1985 or IA86 or otherwise. In addition, the Administrators shall do all such other things and generally exercise all their powers as Administrators as they in their discretion consider desirable in order to achieve the purpose of the Administration or to protect and preserve the assets of the Company or to maximise their realisations or for any other purpose incidental to these proposals.
- iii) In the unlikely event that the Administrators think that funds will become available for unsecured creditors, the Administrators may at their discretion establish in principle the claims of unsecured creditors for adjudication by a subsequent liquidator or the Administrators and that the costs of so doing be met as a cost of the Administration as part of the Administrators' remuneration.
- iv) If the Administrators think that funds will become available for unsecured creditors, the Administrators may at their discretion make an application to court for permission to make distributions to unsecured creditors under Paragraph 65(3) Sch.B1 IA86.
- v) If the Administrators believe that it is considered advantageous to extend the Administration beyond the statutory period of one year, the Administrators shall either apply to Court or seek the consent of the appropriate classes of creditors for an extension.
- vi) As it is expected that there will be insufficient funds to enable a distribution to unsecured non-preferential creditors of the Company, the Administrators do not propose to form a creditors committee.
- vii) The Administrators may use any or a combination of "exit route" strategies in order to bring the Administration to an end, but in this particular instance the Administrators are likely to wish to pursue the following options as being the most cost effective and practical in the present circumstances: -
  - (a) If, as expected, there are insufficient funds with which to make a distribution to unsecured non-preferential creditors, once all of the assets have been realised and the Administrators have concluded all work within the Administration, the Administrators will file a notice under Paragraph 84(1) Sch.B1 IA86 with the Registrar of Companies, following registration of which the Company will be dissolved three months later; or
  - (b) If it transpires that there are sufficient funds with which to make a distribution to unsecured creditors, once asset disposals are complete, the Administrators will place the Company into creditors' voluntary liquidation. In these circumstances, it is proposed that Mark Loftus and Ian Green be appointed as Joint Liquidators and any act required or authorised to be done by the Joint Liquidators may be done by either or both of them. In accordance with Paragraph 83(7) Sch.B1 IA86 and Rule 2.117A(2)(b) IR86, creditors may nominate alternative liquidators, provided that the nomination is made before the proposals are approved; or
  - (c) Apply to court under Paragraph 79 Sch.B1 for the Administration to be ended and for the Company to be placed into compulsory liquidation.
- viii)The Administrators shall be discharged from liability pursuant to Paragraph 98(1) Sch.B1 IA86 in respect of any action of theirs as Administrators at a time resolved by the secured creditor; or if a distribution has been or may be made to the preferential creditors, at a time resolved by the secured and preferential creditors; or in any case at a time determined by the court.

- ix) In the circumstances of this case it will be for the secured and preferential creditors to approve the payment of the unpaid pre-Administration costs as expenses of the Administration.
- x) It is proposed that the Administrators' fees be fixed under Rule 2.106 IR86 by reference to the time properly given by the Administrators and the various grades of their staff according to their firm's usual charge out rates for work of this nature and that disbursements for services provided by the Administrators' own firm (defined as Category 2 disbursements in Statement of Insolvency Practice No.9) be charged in accordance with the Administrators' firm's policy. As the Administrators have stated that they think that the Company has insufficient property to enable a distribution to be made to non-preferential unsecured creditors, it will be for the secured creditor, and if applicable, the preferential creditors, to determine these instead. In any event, the basis of the Administrators' remuneration and Category 2 disbursements are to be fixed no later than 18 months after the date of the Administrators' appointment.
- xi) The Administrators also propose that the Company's books and records be destroyed one year after dissolution.

### c. Statement of affairs

A statement of affairs of the Company was delivered to the Administrators on 20 December 2010. The statement was signed by James Stephenson, a director of the Company.

The Administrators make the following comments on the statement of affairs: -

- In accordance with the standard format of the statement of affairs, no provision has been made for the costs of realising the Company's assets or the costs of the Administration.
- The Administrators have not carried out anything in the nature of an audit on the information.

The statement of affairs is copied at Appendix A and, as is required by statute, includes details of the names, addresses and debts of creditors (including details of any security held).

### d. Statutory and other information
