Why we have sent you this report

This is the twenty-sixth progress report by the Administrators of the Company.

Creditors should have received the Proposals approved at a meeting of creditors held on 27 November 2008 and the Administrators' 25 previous progress reports. All earlier reports can be viewed on our website at http://www.pwc.co.uk/services/business-recovery/administrations/non-lbie-companies/storm-funding-limited-in-administration.html.

This report provides an update on the work the Administrators have undertaken, and the progress made since their appointment with particular focus on the progress made in the Period.

How much creditors may receive

On 24 June 2013 the Court made an order pursuant to paragraph 65(3) of Schedule B1 to IA86 granting permission for the Administrators to make distributions to unsecured creditors.

The Administrators have paid thirteen dividends totalling 42.08 pence in the pound on admitted claims, the thirteenth interim dividend of 0.114p was paid in the Period. Cumulative distributions to date total £984.1m.

We set out in Appendix D a list of the dividends paid to date.

The timing and quantum of future dividends are presently uncertain. This will be dependent on receiving tax clearance from HMRC and the costs associated with closing the estate.

We are in the process of finalising our tax clearance application and expect the application will be made soon. Following tax clearance from HMRC we will seek to make a final distribution to creditors and then submit a notice to the Registrar of Companies (pursuant to Paragraph 84 of Schedule B1 to the Insolvency Act 1986) to move from administration to dissolution. However, the Administrators reserve their rights in relation to other options available to them.

Class of creditor	Current estimate (p in £)

Unsecured creditors	*42.08 – 42.24

^{*}Please note this guidance on dividends is only an estimate. Creditors should therefore exercise caution in relying on these figures and all estimates included in this report for any purpose. The Administrators will not be responsible for any losses incurred in relation to these estimates.

What you need to do

Overview of what we have done to date

Securities held in Lehman depository accounts

As reported previously, the Administrators have filed an affiliate asset claim against LBIE in respect of its securities held in the Lehman depository accounts.

The Administrators also entered into an IMA with LBIE to market and realise these securities on behalf of Storm.

All recoverable securities have been realised or disposed of. As outlined in earlier reports, the Administrators discovered that a number of securities were no longer held in the depository accounts and as a result, a Shortfall Claim was submitted to LBIE.

Inter-company debtors – LBIE

In addition to the Shortfall Claim, Storm has a Repo Claim against LBIE. Both the Shortfall Claim and the Repo Claim were agreed with LBIE in March 2014. After offsetting a small intercompany balance owed to LBIE, the net claim amounts to £158m. This claim was agreed on the basis that Storm waived its entitlement to statutory interest accrued before 31 August 2012. Storm has received 100 pence in the pound on the principal amount of its claim. On 25 July 2018, Storm received a final distribution of £21m for statutory interest.

Inter-company debtors – US affiliates

Storm's total claims against the various Lehman US affiliates were agreed pursuant to the Joint Chapter 11 Plan dated December 2011 at \$1.1bn. In August 2014 Storm sold its largest US affiliate claim to a third party, leaving a total claim of \$335.7m. To date, cumulative dividends received from US affiliates and consideration from selling the claim, have totalled \$495.5m.

Acenden sale

In 2010 Storm purchased Acenden from another group entity. An element of the purchase price was deferred consideration due to the vendor on Storm realising value from its shareholding in Acenden.

The sale of Storm's shareholding in Acenden completed on 6 January 2015, following a competitive sale process. Under the terms of the sale, details of the final consideration agreed with the buyer are confidential.

Storm recovered £14m after payment of deferred consideration to the group entity under the original acquisition. The sale conditions have now been fully satisfied and no further deferred consideration is due to the Company.

Claims agreement

Storm has received 14 claims from unsecured creditors, mainly Lehman affiliates, totalling £3.2bn. The two largest agreed claims are £1.8bn from LBHI and £366m from Mable. Nine other claims were admitted for dividend and three claims have been withdrawn.

Taxation

All corporation tax returns up to and including the year ended 22 September 2020 have been submitted to HMRC

To date, VAT totalling £2.9m has been repaid to Storm. All VAT returns to the quarter ended August 2021 have been submitted to HMRC.

Progress since we last reported

The key developments in the Period are described below.

Inter-company debtors – US affiliates

During the Period, the Company received one further payment from its US affiliate claims totalling \$1.8k (£1.4k GBP equivalent).

We previously reported that one of the US debtors had asserted that they had overpaid distributions to Storm, exceeding the guaranteed amount. Pending future discussions to resolve the matter, on 12 September 2018, Storm paid the US debtor a partial refund (in the sum of £12.9m) in accordance with a settlement agreement.

As previously reported, that US debtor had also initiated proceedings in April 2019 in the United States Bankruptcy Court Southern District of New York against certain other Lehman UK affiliate entities, asserting that it had overpaid distributions to those UK affiliates. A settlement was agreed between the parties to these proceedings (which do not include Storm) in January 2021 (the "Clawback Settlement").

Following the Clawback Settlement and during the Period we have held further discussions with the relevant US debtor asserting the claim regarding overpaid distributions to Storm. Following these discussions a final settlement was agreed and a further payment of £1.9m made to the US debtor to conclude the matter, in accordance with a settlement agreement agreed upon similar commercial principles to the Clawback Settlement. Under the terms of this settlement agreement, Storm also assigned its £158m claim against LBIE (not including the 100 pence in the pound on the principal amount and £21m of statutory interest already received) to the US debtor.

No further payments are due to the US affiliate in relation to this matter.

Taxation

All corporation tax returns up to and including the year ended 22 September 2020 have been submitted to HMRC.

The tax computation for the year ended 22 September 2021 is in the process of being prepared.

The Administrators have complied with their obligations regarding the publication of the Lehman group Tax Strategy. The Administrators have also adhered to the UK and US Foreign Account Tax Compliance Act, Common Reporting Standards and the Senior Accounting Officer Regime. They have also considered their obligations under the Corporate Criminal Offence rules which came into effect in September 2017.

Claims for VAT repayments of c.£18k in relation to the May 2021 and August 2021 quarters have been submitted to HMRC, but the respective repayment is yet to be received by the representative member of the VAT group.

Connected party transactions

Except where disclosed elsewhere in this report, there have been no sales or transactions with connected parties of the Company during the Period.

Investigations and actions

Nothing has come to our attention during the Period to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and Statement of Insolvency Practice No.2.

Our receipts and payments account

We set out in Appendix A an account of our receipts and payments in the Administration from 23 March 2021 to 22 September 2021, and cumulative receipts and payments from 23 September 2008 to 22 September 2021.

As advised earlier in the Administration, all of the Company's assets are uncharged, and there are therefore no secured creditors.

Significant payments included:

- Legal fees for the period of £37k and (inclusive of VAT);
- Administrators' remuneration of £155k (inclusive of VAT);
- c.£1.9m payment to a US debtor in final settlement of that US debtor's asserted claim regarding overpaid distributions to Storm, in accordance with a settlement agreement; and
- c.£2.7m in respect of Storm's thirteenth interim distribution, paid on 28 July 2021.

Total cash held as at 22 September 2021 was £4.8m (GBP equivalent).

Our expenses

We set out in Appendix B a statement of the expenses we have incurred to the date covered by this report and an estimate of our future expenses.

Our fees

The manner in which the Administrators' remuneration is determined and approved is set out in the applicable insolvency legislation.

In accordance with the Proposals, as a creditors' committee was not formed, it is for creditors to agree the level of the Administrators' remuneration and Category 2 disbursements.

At a meeting held by correspondence on 20 September 2010 creditors approved resolutions authorising the Administrators to draw remuneration on the basis of their time costs, together with Category 2 disbursements and VAT from 1 July 2010 onwards from time to time.

In accordance with the resolution, the Administrators can draw remuneration 21 days or more after circulating details to creditors. On 19 April 2021, the fee analysis for the period from 1 September 2020 to 22 March 2021 was circulated to creditors and the fee of £0.2m (inclusive of VAT) was drawn on 20 May 2021. This brings the total amount of Administrators' remuneration to £23.3m (inclusive of VAT).

The Administrators expect to issue their fee analysis for the period 23 March 2021 to 22 September 2021 to creditors on or around 19 October 2021.

We set out in Appendix C an update on our remuneration which covers our fees, disbursements and other related matters in this case.

Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge fees and expenses within eight weeks of receiving this report as set out in Rule 18.34. This information can also be found in the guide to fees at:

https://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/2021/administration-creditor-fee-guide-1-april-2021.ashx?la=en

This guide is for appointments on or after 1 November 2011 and whilst not all the provisions apply to this Administration (which commenced 23 September 2008) it is the most appropriate guide currently available following the changes made by IR16.

You can also obtain a copy free of charge by telephoning Elliot Stickings on +44 7483 421780.

What we still need to do

The Administrators will continue to:

- Continue to file tax and VAT returns:
- Seek tax clearance from HMRC;
- Comply with other statutory obligations; and
- Make further payments to creditors as funds permit.

Next steps

We continue to consider the best strategy for ending the Administration, taking into account asset realisations and tax implications.

Following tax clearance from HMRC we will seek to make a final distribution to creditors and then submit a notice to the Registrar of Companies (pursuant to Paragraph 84 of Schedule B1 to the Insolvency Act 1986) to move from administration to dissolution. However, the Administrators reserve their rights in relation to other options available to them.

We expect to send our next report to creditors in six months' time.

If you have any questions, please get in touch with John Baker on +44 7843 326661.

Yours faithfully For and on behalf of Storm Funding Limited

The Joint Administrators are licensed in the United Kingdom to act as insolvency practitioners by the Institute of Chartered Accountants in England and Wales.

The Joint Administrators are bound by the Insolvency Code of Ethics which can be found at: https://www.gov.uk/government/publications/insolvency-practitioner-code-of-ethics

The Joint Administrators may act as Data Controllers of personal data as defined by UK data protection law depending upon the specific processing activities undertaken. Further details are available in the privacy statement on the PwC.co.uk website or by contacting the Administrators.

Appendix A: Receipts and payments

The receipts and payments account does not show estimated to realise values from the directors' statement of affairs as this would not provide a meaningful comparison with actual asset recoveries. Given the nature of the Company's assets and ongoing realisations, the Administrators are not in a position to provide an estimate of the final outcome for creditors. Note: We set out in Appendix D a list of the dividends paid to date.

Appendix B: Expenses

The following table provides details of our expenses. Expenses are amounts properly payable by us as administrators from the estate and includes our fees but excludes distributions to creditors. The table also excludes any potential tax liabilities that we may need to pay as an administration expense because amounts becoming due will depend on the position at the end of the tax accounting period.

The table should be read in conjunction with the receipts and payments account at Appendix A, which shows expenses actually paid during the Period and the total paid to date. Where appropriate, expenses are shown inclusive of VAT.

Our time charging policy and hourly rates

We and our team charge our time for the work we need to do in the Administration. We delegate tasks to suitable grades of staff, taking into account their experience and any specialist knowledge that is needed and we supervise them properly to maximise the cost effectiveness of the work done. Anything complex or important matters of exceptional responsibility are handled by our senior staff or us.

All of our staff who work on the Administration (including our cashiers) charge time directly to the case and are included in any analysis of time charged. Each grade of staff has an hourly charge out rate which is reviewed from time to time. Work carried out by our support and secretarial staff is charged for separately and is not included in the hourly rates charged by partners or other staff members. Time is charged in six minute units. The minimum time chargeable is three minutes (i.e. 0.05 units). We do not charge general or overhead costs.

As of 1 March 2020, we have been charging PwC rates per hour in line with the respective rate cap in operation on certain other PwC controlled Lehman estates, including LBH, LBHI2 and LBIE, across all our teams.

We set out below the maximum charge-out rates per hour for the grades of our staff who already or who are likely to work on the Administration. We call on colleagues in our Tax and VAT departments where we need their expert advice. Their specialist charge-out rates vary but the following are the maximum rates by grade per hour:

Grade	From 1 J	uly 2020
	Administration	Tax / VAT
Partner	985	1,385
Director	870	1,275

Our future work

As mentioned earlier in our report, we continue to consider the best strategy for ending the Administration, taking into account asset realisations and tax implications.

We still need to do the following work to achieve the purpose of administration. Should our strategy need to change, following consultation with key stakeholders, this will have an impact on the level of our work and estimated future costs.

Disbursements

The Administrators are not required to seek approval to draw expenses or disbursements unless they are for shared or allocated services provided by their own Firm, including room hire, document storage, photocopying or communication facilities, or payments to associates. These types of expenses are called "Category 2" disbursements and they must be directly incurred on the case, subject to a reasonable method of calculation and allocation and approved by the same parties which approve their fees.

Category 1 disbursements comprise payments to third parties, for example in relation to travel costs, statutory advertising and insolvency office holders' insurance.

The Administrators' expenses policy allows for all properly incurred expenses to be recharged to the Administration.

There were no Category 2 disbursements incurred during the Period and no payments were made to associates.

Our relationships

We have no business or personal relationships with the parties who approve our fees or who provide services to the Administration where the relationship could give rise to a conflict of interest.

Details of subcontracted work

Storm has contracted out tax services to the Lehman finance team whose employer is LBIE. This work has been subcontracted because it is more cost efficient than if the Administrators were to do it themselves.

LBIE invoices Storm on a time cost basis for tax services performed for Storm's benefit. Charges during the Period were $\pounds 4k$.
