Key messages

Why we've sent you this report

We are writing to update you on the progress of the administration of the Companies in the six months since our last report dated 17 December 2021.

Creditors may wish to read this report in conjunction with our proposals or earlier progress reports, all of which continue to be available on our website at www.pwc.co.uk/palmerharvey. Please email Adam Thompson at uk_palmerharvey_creditors@pwc.com, if you wish to request a hard copy of the report.

How much creditors may receive

The following table summarises the possible outcome for creditors, based on what we currently know.

Company	Secured creditors (p in the £)	Preferential creditors (p in the £)	Unsecured creditors (p in the £)
PHML	(p in the 2)	(p in the 2)	
This report:	ABLs 100p TCs 80-100p	100p (paid)	0.0978p(paid)
Last report:	ABLs 100p TCs 80-100p	100p (paid)	Up to 1p

Last report:	ABLs 100p TCs 80-100p	N/A	Nil

Secured creditors

As previously reported, it is uncertain whether all the secured creditors will fully be repaid their lending and accrued interest out of their security over the Group's assets. On appointment, the total value of the secured lending was £253.5m. The amount owing across the Group to the secured creditors continues to increase as a result of the ongoing interest accrual.

At the date of appointment, the debt due to the ABLs was £187.4m, secured by way of fixed and floating charges over the Group's assets. The ABLs held first ranking security (except in 1925) and following our appointment their debt has been repaid in full.

The Tobacco Companies held second ranking security over the Group's assets and were owed £66.1m on appointment. As the ABLs' debt has been discharged in full, funds were made available for distribution to the Tobacco Companies. To date, distributions totalling £63.1m have been made to the Tobacco Companies under the terms of their security, no further distributions have been made during the period covered by this report. We anticipate a return of 80-100% will be achieved, however, the timing of future distributions to the Tobacco Companies is currently 12-18 months and dependent on the outcome of the litigation discussed in a later section of this report.

Preferential creditors

The dividend prospects (and dividends paid) for preferential creditors in each company are as follows:

- PHML Dividend of 100p in the £ paid on 21 July 2020.
- Plc There are no known preferential creditors.

Unsecured creditors

A prescribed part distribution of £600,000 was distributed to the creditors of PHML on 10 February 2022, providing a return to creditors of 0.0978p in the £. There is currently no anticipated dividend to the creditors of Plc.

What you need to do

This report is for your information and you don't need to do anything, however if you have received a cheque in respect of the recent distribution, please ensure that it is cashed as soon as possible, as any unclaimed dividend cheques will be paid over to the Insolvency Service in due course.

Overview of what we've done to date

As explained in our earlier reports, our initial strategy was principally to mitigate the losses to the various classes of creditors, by:

- Securing and safeguarding large volumes of stock and facilitating its return to suppliers based on a commercial
 assessment of retention of title claims;
- Securing the various sites and instructing agents to begin valuing and marketing the freehold properties;
- Supporting redundant employees with processing claims against the RPS and engaging with JobCentre Plus and alternative employers looking to hire former employees;
- Locating, securing and arranging for the return of leased vehicles and other third-party assets to their owners;
- Collecting debts owed by customers;
- Quickly assessing the likelihood of any premium value in the leasehold estate and returning leasehold properties to their landlords as soon as possible where no premium value was expected; and
- Selling any assets that were identified to be owned by the Companies, the proceeds of which would firstly be used to discharge the expenses of the administrations, with any amounts remaining being available to the creditors of the Companies in accordance with the statutory order of priority.

Please note that our previous reports which covered the realisations and progress to 27 November 2021 which provide more detail are available to view and download on our case website listed earlier in this report.

When we last reported, the key outstanding matters in the administrations were as follows:

- Collect the remaining debtor balances owed;
- Realise potential value from the remaining contingent assets within the administrations (including litigation in respect of PHML and PIc and possibly cartel claims for PHML);
- Make further distributions to the secured creditors;
- Adjudicate unsecured claims received in PHML; and
- Make a distribution to unsecured creditors in PHML.

We provide an update of the progress made in the period in the next section of this report.

Progress since we last reported

PHML - Debtors

Debtor realisations during the period total £46K, these monies have been paid directly into the PHML's bank account and are awaiting transfer into the administration bank account. This takes total debtor collections across both the national and independent ledgers to over £213m. As reported previously, not all of this balance was collected through the administration accounts and is therefore not all shown on the enclosed receipts and payments account. The sum of £25.74m is shown on the receipts and payments account at Appendix A as being paid directly into the administration. Book debt receipts received into the administration account in the period covered by this report were £1,413.

The remaining debtor ledger balance now stands at £194k, with these customer accounts continuing to be pursued by our legal advisors.

As reported above, the PHML bank account that has remained open for customers to continue to make payments into, currently shows an account balance of £770k. However, due to the low level of customer receipts that have been received into the bank over the past 6 months, it is deemed no longer beneficial to keep the bank account open and subsequently instruction has been provided to close the account and have the balance of monies transferred to the administration bank account. These funds are expected to be received within the next 14 days with any customer that continues to pay into the PHML bank account, being requested to pay into the administrators and/or our legal advisors bank accounts directly in order to extinguish their debt with the Company.

Please note that the £770K debtor collections held in the aforementioned bank account are included within the above collection total of over £213m.

Litigation update (PHML & Plc)

During the period covered by this report, we have continued to engage with our legal advisers and Counsel to progress the potential claims outlined in our previous reports in respect of PHML and Plc. Due to the commercial sensitivity of this claim, we are unable to provide further details at this time but will update creditors further in our next report.

Cartel Claim (PHML)

As previously reported, prior to our appointment, PHML was involved in a group action in relation to a truck cartel claim. If successful it may result in significant additional realisations into PHML.

As reported previously, the Competition Appeal Tribunal ("CAT") had reserved its judgement on both the UK Trucks Claim Limited's ("UKTC") application and the Road Haulage Association ("RHA") application to the CAT to bring a collective claim for damages on behalf of those who acquired new medium or heavy trucks in the UK during the 14 year period 1997 - 2011. The claim was heard over five days from 19 April 2021.

In the period between the end of the previous reporting date and the circulation of this progress report, we have received details of the CAT's judgement. The CAT held that UKTC's application for a collection proceedings order satisfied all the legal tests, including that the UKTC itself was a suitable class representative. However, the CAT also decided that the RHA's application satisfied all the legal tests as well and that it should choose between the two applications, rather than grant a collective proceedings order to both applicants. On balance, the CAT decided that the RHA's application for an opt-in collective proceedings order was preferable, consequently UKTC's application was unsuccessful.

UKTC and its legal advisors are carefully considering the CAT's judgement and the merits of an appeal. Pending any successful appeal, UKTC will not be able to pursue its application further. The Administrators will therefore continue to monitor this claim and await a decision about an appeal.

Sundry refunds & bank interest

During the period covered by this report, a sundry refund of £1,815 has been received into the administration and bank interest of £1,989 has been received in the period.

Employees (PHML)

As previously reported, there remains just one employee in PHML who is continuing to assist with the ongoing debt collection. We are continuing to arrange for pension contributions to be paid to the defined contribution pension

8 Administrators' progress report from 28 November 2021 to 27 May 2022

scheme and arranging with the insurer of the death in service scheme for cover to remain in place for the continuing employee.

Connected party transactions

There have been no connected party transactions in the period covered by this report.

Other issues

During the period, we submitted the quarterly VAT returns and submitted the tax return for the relevant period.

Investigations and actions

Nothing has come to our attention during the period under review to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and Statement of Insolvency Practice No.2.

Our receipts and payments account

We set out in Appendix A an account of our receipts and payments in the administration from 28 November 2021 to 27 May 2022.

Our expenses

We set out in Appendix B statements of the expenses we've incurred to the date covered by this report and an estimate of our future expenses.

The statements exclude any potential tax liabilities that we may need to pay as administration expenses in due course because amounts due will depend on the position at the end of the tax accounting period.

Our fees

We set out in Appendix C an update on our remuneration which covers our fees, disbursements and other related matters in these cases.

Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge fees and expenses within eight weeks of receiving this report as set out in Rule 18.34. This information can also be found in the guide to fees at:

https://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/2021/administration-creditor-fee-guide-1-april-2021.ashx?la=en

You can also get a copy free of charge by telephoning Adam Thompson on uk_palmerharvey_creditors@pwc.com.

What we still need to do

Before we can finalise our work in the administrations of the Companies, we still need to deal with the following outstanding tasks:

- Collect the remaining debtor balances owed in PHML;
- Realise potential value from the remaining contingent assets within the administrations (including litigation in respect of PHML and PIc and possibly cartel claims for PHML); and
- Make further distributions to the secured creditors.

Once the above matters are completed, we will look to finalise matters including compliance with our statutory duties as administrators, dealing with the Companies' VAT and tax affairs and other incidental tasks associated with the winding down and ultimate dissolution of the Companies.

Next steps

We expect to send our next report to creditors at the end of the administration or in about six months, whichever is the sooner.

If you've got any questions, please get in touch with Adam Thompson, uk_palmerharvey_creditors@pwc.com.

Yours faithfully For and on behalf of the Companies

1000

Zelf Hussain Joint Administrator

Appendix B: Expenses

Expenses are amounts properly payable by us as administrators from the estate, but excludes our fees and distributions to creditors. These include disbursements which are expenses met by and reimbursed to an office holder in connection with an insolvency appointment.

Expenses fall into two categories:

Expense	SIP 9 definition
Category 1	Payments to persons providing the service to which the expense relates who are not an associate of the office holder.
Category 2	Payments to our firm or our associates or which have an element of shared costs (for example, photocopying and mileage disbursements, or costs shared between different insolvent estates).

We do not need approval from creditors to draw Category 1 expenses as these have all been provided by third parties but we do need approval to draw Category 2 expenses. The body of creditors who approve our fees (in the case of Plc the secured creditors and in the case of PHML the secured and preferential creditors) also has the responsibility for agreeing the policies for payment of Category 2 expenses.

The following table provides a breakdown of the Category 2 expenses have been incurred by us as administrators or our associates in the period covered by this report, together with details of the Category 1 expenses that have been incurred by PwC and will be recharged to the case:

Plc

No disbursements have been incurred in the period covered by this report.

PHML

Category	Costs incurred by	Policy	Costs incurred £
2	PwC	<i>Photocopying</i> - up to 5 pence per side copied, only charged for circulars to creditors and other bulk copying.	303.89
2	PwC	<i>Mileage</i> - At a maximum of 71 pence per mile (up to 2,000cc) or 93 pence per mile (over 2,000cc)	-
1	PwC	Postage	5,527.06
1	PwC	Storage	11,504.20
1	PwC	Rail fares	7.18
Total			17,342.33

Our expenses policy allows for all properly incurred disbursements to be recharged to the administrations but only once the appropriate approval has been received.

Approval for Category 2 expenses was obtained from the secured creditor and preferential creditors at the same time as approval for our fees.

IR16 defines expenses as all fees, costs, charges and other expenses incurred in the course of the administration. The table below therefore provides details of our expenses properly payable by us as administrators from the estate and includes our fees, but excludes distributions to creditors. The table also excludes any potential tax liabilities that we may need to pay as an administration expense because amounts becoming due will depend on the position at the end of the tax accounting period.

The table below should be read in conjunction with the receipts and payments account at Appendix A, which shows expenses actually paid during the period and the total paid to date.

We confirm that we do not consider any of the parties to whom expenses have or will be paid to be associates. All transactions are on a purely commercial basis and parties have been chosen based on their expertise in accordance with the needs of the administration.
