## Why we've sent you this report

We're writing to update you on the progress of the liquidation of Parkridge Holdings Limited in the 12 months since our last report dated 7 May 2019.

You can still view our earlier reports on our website at [www.pwc.co.uk/parkridge](http://www.pwc.co.uk/parkridge).

## How much creditors have received

The following table summarises the outcome for creditors\*, based on what we currently know.

Class of creditor	Dividend (p in £)
Preferential creditors	100
Unsecured creditors	1.91

*\*Please note this guidance on dividends is only an indication and should not be used as the main basis of any bad debt provision or debt trading.*

The Company also has two secured creditors and we explain later in the report the likely outcome for them both.

The dividend to preferential creditors was paid in January 2013.

The dividend to unsecured creditors has also been paid. The distribution was available from the maximum possible prescribed part fund of £600,000. A first and final dividend of 1.91 pence in the pound was paid on 28 January 2014 to those creditors whose claims had been admitted.

No further distributions are expected, as any further realisations will not repay the secured creditors in full.

## What you need to do

This report is for your information and you don't need to do anything.

# Overview of what we've done to date

As previously reported, Robert Jonathan Hunt and David Matthew Hammond of PwC were appointed joint administrators of the Company on 24 August 2011. The administration ended on 28 March 2012 when the Company went into CVL and the administrators were appointed as liquidators. David Robert Baxendale subsequently replaced Robert Jonathan Hunt on 8 November 2016 as joint liquidator.

When the Company entered into liquidation, the key matters for the Liquidators to deal with were as follows:

- The receipt of a dividend due from an associated company in liquidation (Dickens Heath), which was dependent on property sales within that company; and
- The recovery of additional funds due from other related companies, which were also in liquidation. These were also dependent on the level of realisations in those companies.

This is our eighth progress report. You may also wish to refer to our previous reports which can be found at [www.pwc.co.uk/parkridge](http://www.pwc.co.uk/parkridge). As explained in those reports, we have realised dividends from several other insolvent subsidiaries, as follows:

- £14,543 from Parkridge Coalville Limited;
- £50,327 from Parkridge (Shires Gateway) Limited;
- £46,423 from Parkridge Retail Limited;
- £147,914 from Parkridge Droitwich Limited; and
- £452,875 from Dickens Heath.

We remain in office in order to receive a final dividend from Dickens Heath. An update on this matter is given later.

# Outcome for creditors

## Secured creditors

The Company has two secured creditors, as shown below:

Secured creditor	Initial debt*	Security
RBS	£15m	First ranking fixed and floating charge
Prologis	£80m	Second ranking fixed and floating charge

*\*Debt at the commencement of the preceding administration appointment*

As previously reported, some £200,000 was distributed to RBS during the course of the administration. A further £450,000 has been distributed during the course of the liquidation, as shown on the enclosed receipts and payments account..

Additionally, Prologis has recovered c.£13m directly from an inter-company debtor. However, we anticipate that both secured creditors will suffer a shortfall under their security, the level of which is dependent on the realisation of the dividend due from Dickens Heath.

## Preferential creditors (mainly employees)

Preferential creditors were paid in full earlier in the liquidation. Total claims amounted to £23,844.80.

## Unsecured creditors

Dividends become available for unsecured creditors when there are sufficient funds (after costs of the liquidation) to pay the secured and preferential creditors in full, with an amount left over. In certain circumstances, part of the amount available for secured creditors may be ring-fenced for the benefit of unsecured creditors. This prescribed part is paid out of 'net property', which is floating charge realisations after costs, and after paying – or setting aside enough to pay – preferential creditors in full. But it only has to be made available where the floating charge was created on or after 15 September 2003.

The prescribed part applies in this case as there is a floating charge created after 15 September 2003.

The amount of the prescribed part is:

- 50% of net property up to £10,000
- 20% of net property above £10,000; but
- Subject to a maximum of £600,000

Unsecured creditors have benefited from the maximum prescribed part of £600,000. After costs (as shown on the enclosed receipts and payments account) a first and final dividend of 1.91 pence in the pound was paid on 28 January 2014 to those creditors whose claims had been admitted.

No further distributions are expected, as any further realisations will not repay the secured creditors in full.

# Progress since we last reported

## Realisation of assets

The following table shows the current position on asset realisations and other recoveries in the liquidation.

Assets	Actual realisations (£)	Estimated to realise per the statement of affairs* (£)
Intangible assets	13.72	-
Funds from the administration	940,085.11	-
Intercompany debtors	712,082.19	-
Interest received gross	4,330.51	-
Reimbursement of costs paid during the administration	1,013.27	-
<b>Total</b>	<b>1,657,524.80</b>	<b>-</b>

*\*No statement of affairs was provided in the liquidation. It was provided at the start of the administration.*

## Intercompany claims and dividends received

We have previously reported on the various outstanding debts that were due to the Company from several associated companies.

We explained that a dividend was expected from Dickens Heath, however we were unsure on the timing as it was dependent upon property sales. In the last period, we received an interim dividend of £452,875 from Dickens Heath and are awaiting a final dividend from them, the timing of which is still uncertain as it is dependent on a final property sale. The liquidators of Dickens Heath are hopeful that this can be completed in the next six months, but we will update creditors further in our next report.

Total intercompany dividends received to date are £2,014,880.55 of which £712,082.19 has been received whilst the Company has been in liquidation. By comparison, the directors' statement of affairs (in the administration) estimated realisations from intercompany accounts would be in the region of £1.5 million.

We do not expect to receive any further dividends other than the final dividend from Dickens Heath, as mentioned above.

## Statutory and compliance

As previously reported, the Company was deregistered for VAT on 1 September 2012. Any additional amounts of VAT paid since deregistration are reclaimed periodically.

Annual corporation tax returns continue to be prepared and submitted to HMRC. All other statutory matters are completed on an ongoing basis and further information is included in Appendix C.

## Investigations and actions

Nothing has come to our attention during the period under review to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and Statement of Insolvency Practice No.2.

## Our receipts and payments account

We set out in Appendix A an account of our receipts and payments in the liquidation from 28 March 2019 to 27 March 2020.

## Our expenses

We set out in Appendix B a statement of the expenses we've incurred to the date covered by this report and an estimate of our future expenses.

## Our fees

We set out in Appendix C an update on our fees, disbursements and other related matters.

## Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge our fees and expenses within eight weeks of receiving this report as set out in Rule 18.34 IR16. This information can also be found in the guide to fees at:

<http://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/creditors-guide-liquidators-fees-final.ashx?la=en>

You can also get a copy free of charge by telephoning Matthew Duckworth on 0113 289 4916.

## What we still need to do

As reported above, we remain in office in order to receive the final dividend due to the Company from Dickens Heath. The liquidation can then be brought to an end, which will include a final distribution to RBS, discharging costs of the liquidation and complying with our final obligations in relation to the Company's VAT and tax affairs.

## Next report

We expect to send our next report to creditors at the end of the liquidation or in about 12 months, whichever is the sooner.

If you've got any questions, please get in touch with Matthew Duckworth on 0113 289 4916.

Yours faithfully

David Baxendale

# Appendix B: Expenses

The following table provides details of our expenses. Expenses are amounts properly payable by us as liquidators from the estate and include our fees, but exclude distributions to creditors. The table also excludes any potential tax liabilities that we may need to pay as a liquidation expense because amounts becoming due will depend on the position at the end of the tax accounting period.

The table should be read in conjunction with the receipts and payments account at Appendix A, which shows expenses actually paid during the period and the total paid to date.

	Total expenses incurred brought forward from 28 March 2019 (£)	Expenses incurred in this period (£)	Total expenses to 27 March 2020 (£)	Total expenses paid to 27 March 2020 (£)	Expenses outstanding at 27 March 2020 (£)

# Appendix C: Remuneration update

During the administration, the secured and preferential creditors fixed the basis of the administrators' fees by reference to time properly given by the administrators and their staff in dealing with the administration.

The fee basis agreed in the administration continues to apply in the liquidation. This means that our fees as liquidators are calculated by reference to time properly given.

The time cost charges incurred in the period covered by this report are £14,954.75. This amount does not necessarily reflect how much we will eventually draw as fees for this period.

We set out later in this Appendix details of our work to date, anticipated future work, disbursements, subcontracted work and payments to associates.

## Our time charging policy and hourly rates

We and our team charge our time for the work we need to do in the liquidation. We delegate tasks to suitable grades of staff, taking into account their experience and any specialist knowledge that is needed and we supervise them properly to maximise the cost effectiveness of the work done. Anything complex or important matters of exceptional responsibility are handled by our senior staff or us.

All of our staff who work on the liquidation (including our cashiers, support and secretarial staff) charge time directly to the case and are included in any analysis of time charged. Each grade of staff has an hourly charge out rate which is reviewed from time to time. For the avoidance of doubt, work carried out by our cashiers, support and secretarial staff is charged on a time costs basis and is included in the analysis of hourly rates charged by partners or other staff members. Time is charged in three minute units (i.e. 0.05 hours). We don't charge general or overhead costs.

We set out below the maximum charge-out rates per hour for the grades of our staff who already (or who are likely to) work on the liquidation.

Grade	Up to 30 June 2019 £/hour	From 1 July 2019 £/hour
Partner	890	910
Director	780	800
Senior Manager	590	605
Manager	510	525
Senior Associate – Qualified	425	435
Senior Associate – Unqualified	315	325
Associate	265	270
Support staff	135	140

We call on colleagues in our Tax, VAT, Real Estate and Pensions departments where we need their expert advice. Their specialist charge-out rates vary but the following are the maximum rates by grade per hour.

Grade	Up to 30 June 2019 £/hour	From 1 July 2019 £/hour
Partner	1,315	1,385
Director	1,210	1,275
Senior Manager	1,230	1,290
Manager	735	775
Senior Associate – Consultant	545	575
Associate – Assistant consultant	270	285
Support staff	160	170

In common with many professional firms, our scale rates may rise to cover annual inflationary cost increases.

## Payments to associates

We have not made any payments to associates during the period of this report.

## Our work in the period

Earlier in this section we have included an analysis of the time spent by the various grades of staff.

Whilst this is not an exhaustive list, in the following table we provide more detail on the key areas of work.

Area of work	Work undertaken	Why the work was necessary	What, if any, financial benefits provided to creditors required by statute
Strategy and planning	<ul style="list-style-type: none"> <li>Internal team briefings on case progression.</li> </ul>	<ul style="list-style-type: none"> <li>To ensure orderly management and progression of the case in a cost effective manner.</li> </ul>	<ul style="list-style-type: none"> <li>Ensures the case is managed in a proper manner.</li> </ul>

## Our future work

We still need to do the following work in the liquidation.

Area of work	Work undertaken	Whether or not the work will provide a financial benefit to creditors
Strategy and planning	<ul style="list-style-type: none"> <li>Holding team meetings and discussions regarding the status of the liquidation;</li> <li>Clearances from external parties prior to the closure of the liquidation; and</li> <li>Closure of internal systems.</li> </ul>	<ul style="list-style-type: none"> <li>No direct financial benefit to creditors through the avoidance of unnecessary costs. ## Disbursements

We don't need to get approval to draw expenses or disbursements unless they are for shared or allocated services provided by our own firm, including room hire, document storage, photocopying, communication facilities. These types of expenses are called "Category 2" disbursements and they must be directly incurred on the case, subject to a reasonable method of calculation and allocation and approved by the same party who approves our fees.

Our expenses policy that was agreed in the administration continues to apply in the liquidation, which allows for all properly incurred expenses to be recharged to the liquidation. The following disbursements arose in the period of this report.
