- 5. The Senior Creditor Group respectfully requests an extension of time for filing skeleton arguments due to the limited availability of the Senior Creditor Group's Counsel ("Counsel") in the short term. The related Waterfall II Tranches A and B appeals (A3/2015/3753, 3762, 3763 and 3764) and expedited related supplemental issues appeals (A3/2016/4213, 4216 and 4217) are listed to be heard together in the Court of Appeal from 3 to 10 April 2017, and it is likely in the light of recent correspondence between Michelmores and the Civil Appeal Office that their client's appeal of a further related supplemental issue (A3/2017/0043) will also be expedited so as to be heard at the same time. The Senior Creditor Group's Counsel will be preparing for all of those appeals, and preparing skeleton arguments with respect to the expedited appeals, in coming weeks and, in addition, have commitments to appear in other trials prior to the hearing of those appeals. In the circumstances it will be difficult for them also to attend to the preparation of a skeleton argument in relation to the Senior Creditor Group's Waterfall II Tranche C appeal prior to the completion of that 3 to 10 April hearing.
- 6. We respectfully suggest that the timetable for service of skeleton arguments in the Waterfall II Tranche C appeals be extended as follows:
  - a. appellants' skeleton arguments should be filed on or before Friday 12 May 2017; and
    - b. respondents' skeleton arguments should be filed on or before Friday 28 July 2017.
- 7. We understand that all the parties have agreed to the proposed timetable. We hope that this proposal will enable the Court of Appeal and the Joint Administrators to list the appeal hearing in an efficient manner, whilst allowing the parties to devote enough time to their skeleton arguments to enable them to assist the Court of Appeal as far as possible.

### Appeal hearing listing

- 8. The Senior Creditor Group suggests that the Waterfall II Tranche C appeals should be listed for hearing on the first date available from 2 October 2017.
- 9. Please let us know if there is any further information or explanation we can provide to the Court of Appeal in connection with this application.

20 January 2017

Yours faithfully

Civil Appeals Office Room E307 Royal Courts of Justice The Strand London WC2A 2LL

Dear Sirs

Waterfall II, Tranche C Application (case number 7942 of 2008) (the "Waterfall II C Application")

- 1. This letter is sent on behalf of CVI GVF (Lux) Master Sarl, Hutchinson Investors, LLC, Burlington Loan Management Limited and their relevant affiliates (the "Senior Creditor Group") and has been approved by Ropes & Gray International LLP, Freshfields Bruckhaus Deringer LLP and Morrison & Foerster LLP.
- 2. On 5 October 2016, the Honourable Mr Justice Hildyard (the "Judge") gave his judgment in respect of the Waterfall II C Application (the "Judgment"). On 12 December 2016, the Judge issued an order (the "Order") where he gave the Senior Creditor Group permission to appeal his decision in respect of declarations (i) to (iv), (vii), (viii) to (xiv) and (xxii) to (xxv), as set out in the Order.

### Appeal documents

- 3. We enclose copies of the following documents in relation to the Senior Creditor Group's appeal of those declarations:
  - a. Appellant's notice (three copies for the Court of Appeal and four copies for the respondents to the appeal);
  - b. Continuation sheet in relation to the appellant's notice (three copies for the Court of Appeal and four copies for the respondents to the appeal);
  - c. Grounds of appeal (three copies for the Court of Appeal and four copies for the respondents to the appeal);
  - d. Approved transcript of the Judgment (one copy);
  - e. Order (one copy); and
  - f. The Judge's reasons for allowing permission to appeal (one copy).

# Application for extension of time for service of appellants' and respondents' skeleton arguments

- 4. In section 9, part C of its appellant's notice the Senior Creditor Group applies to the Court of Appeal for an order that the appellants and respondents in the Waterfall II Tranche C appeals may file their skeleton arguments in support of their grounds of appeal at a later date, subject to the approval of the Court of Appeal.
- 5. The Senior Creditor Group respectfully requests an extension of time for filing skeleton arguments due to the limited availability of the Senior Creditor Group's Counsel ("Counsel") in the short term. The related Waterfall II Tranches A and B appeals (A3/2015/3753, 3762, 3763 and 3764) and expedited related supplemental issues appeals (A3/2016/4213, 4216 and 4217) are listed to be heard together in the Court of Appeal from 3 to 10 April 2017, and it is likely in the light of recent correspondence between Michelmores and the Civil Appeal Office that their client's appeal of a further related supplemental issue (A3/2017/0043) will also be expedited so as to be heard at the same time. The Senior Creditor Group's Counsel will be preparing for all of those appeals, and preparing skeleton arguments with respect to the expedited appeals, in coming weeks and, in addition, have commitments to appear in other trials prior to the hearing of those appeals. In the circumstances it will be difficult for them also to attend to the preparation of a skeleton argument in relation to the Senior Creditor Group's Waterfall II Tranche C appeal prior to the completion of that 3 to 10 April hearing.
- 6. We respectfully suggest that the timetable for service of skeleton arguments in the Waterfall II Tranche C appeals be extended as follows:
  - a. appellants' skeleton arguments should be filed on or before Friday 12 May 2017; and
    - b. respondents' skeleton arguments should be filed on or before Friday 28 July 2017.
- 7. We understand that all the parties have agreed to the proposed timetable. We hope that this proposal will enable the Court of Appeal and the Joint Administrators to list the appeal hearing in an efficient manner, whilst allowing the parties to devote enough time to their skeleton arguments to enable them to assist the Court of Appeal as far as possible.

### Appeal hearing listing

- 8. The Senior Creditor Group suggests that the Waterfall II Tranche C appeals should be listed for hearing on the first date available from 2 October 2017.
- 9. Please let us know if there is any further information or explanation we can provide to the Court of Appeal in connection with this application.

20 January 2017

Yours faithfully

### SECTION 5: OTHER INFORMATION REQUIRED FOR THE APPEAL

Details of the parts of the order being appealed:

### "Issue 11 (paragraph 11 of the Application Notice)

- (i) The expression "cost (without proof or evidence of any actual cost) to the relevant payee (as certified by it) if it were to fund or of funding the relevant amount" in the ISDA Master Agreement is the cost which the relevant payee is or would be required to pay in borrowing the relevant amount under a loan transaction, whether an actual cost where the relevant payee does in fact enter into a loan or a hypothetical cost where it does not do so.
- (ii) The expression "cost (without proof or evidence of any actual cost) to the relevant payee (as certified by it) if it were to fund or of funding the relevant amount" in the ISDA Master Agreement does not include any cost of equity funding.
- (iii) The expression "cost (without proof or evidence of any actual cost) to the relevant payee (as certified by it) if it were to fund or of funding the relevant amount" in the ISDA Master Agreement does not include costs or financial consequences to the relevant payee of carrying a defaulted LBIE receivable on its balance sheet.
- (vi) The relevant "cost" must involve the incurring of an obligation (whether actual or hypothetical) to pay a sum of money. It does not include any form of financial detriment.
- (viii) A "cost" is not incurred if any payment obligation, or the amount of any payment obligation, is itself discretionary.
- (ix) The obligation (whether actual or hypothetical) to pay a sum of money must be incurred in obtaining the funding and as part of the bargain entered into to obtain such funding in order for it to be a relevant "cost".
- (x) The relevant "cost" must be the cost of funding the relevant amount to address the cash shortfall caused by non-payment. It does not include the cost of funding some other amount for other or wider purposes.

- (xi) The relevant "cost" does not include any professional or arrangement fees incurred by the relevant payee, save for such fees paid to a lender as part of the price of borrowing the relevant amount.
- (xii) In order to constitute a relevant "cost", a rate of borrowing must not exceed that which the borrower knows to be or which could be available to it in the circumstances pertaining to its business, having regard to the permitted object of the actual or hypothetical borrowing (to cover the relevant amount).

### **Issue 12 (paragraph 12 of the Application Notice)**

- (xiii) For the purpose of establishing the "cost (without proof or evidence of any actual cost) to the relevant payee (as certified by it) if it were to fund or of funding the relevant amount", which cost is a cost of borrowing, such borrowing should be assumed to have recourse to the relevant payee's unencumbered assets generally and not solely to its claim against LBIE.
- (xiv) The certifiable cost is the price which the relevant payee has paid, or would have to pay, to a counterparty to a transaction to borrow a sum equivalent to the relevant amount taking into account all relevant circumstances, and is not the weighted average cost on all its borrowings.

### <u>Issue 19 (paragraph 19 of the Application Notice)</u>

(xxii) Declarations (i) to (xxi) above apply whether the underlying ISDA Master Agreement is governed by New York or English law.

### SECTION 8: WHAT ARE YOU ASKING THE COURT OF APPEAL TO DO?

Details of the proposed order

### **Issue 11 (paragraph 11 of the Application Notice)**

- (i) Subject to the relevant payee's obligation to certify its cost of funding in good faith and rationally, the expression "cost (without proof or evidence of actual cost) to the relevant payee (as certified by it) if it were to fund or of funding the relevant amount" is capable of including the actual or asserted cost to the relevant payee of raising money to fund the relevant amount by whatever means and may include shareholder funding as well as, or in the alternative to, borrowing or other forms of funding.
- (ii) Subject to the relevant payee's obligation to certify its cost of funding in good faith and rationally, the determination of the costs referred to above may take into account the cost of any fees paid or charges incurred as a necessary requirement to raise the funding to fund the relevant amount.

### **Issue 12 (paragraph 12 of the Application Notice)**

(iii) Depending on the facts and circumstances, it may be rational and in good faith for a relevant payee to determine its cost of funding by reference to any of the bases identified in paragraph 12 of the Application Notice.

### **Issue 19 (paragraph 19 of the Application Notice)**

(iv) Declarations (i) to (iii) above apply whether the underlying ISDA Master Agreement is governed by New York or English law.

#### AMENDED GROUNDS OF APPEAL

1. The Senior Creditor Group appeals with the permission of the Judge against thirteen of the declarations in the order made by Mr Justice Hildyard on 12 December 2016 (the "Order"), reflecting parts of his judgment dated 5 October 2016 (the "Judgment") concerning the construction and effect of the 1992 and 2002 forms of the ISDA Master Agreement (the "Master Agreements").

#### THE MASTER AGREEMENTS

### Declarations (ii), (iii), (iv), (vi), (viii), (ix), (x), (xi) and (xii)

- 2. These declarations concern the meaning of the expression "cost (without proof or evidence of any actual cost) to the relevant payee (as certified by it) if it were to fund or of funding the relevant amount" in the definition of "Default Rate" in the Master Agreements.
- 3. The learned Judge erred in law in holding that the expression "cost...to the relevant payee...if it were to fund or of funding" refers only to the cost which the relevant payee is or would be required to pay in borrowing the relevant amount under a loan transaction (Judgment [147]) and, as a consequence, was wrong to make declarations (ii),(iii),(vi),(viii),(ix),(ix) and (xii) (reflecting that conclusion).
- 4. The learned Judge should have held that, subject to the relevant payee's obligation to certify its cost of funding in good faith and rationally, the expression "cost (without proof or evidence of actual cost) to the relevant payee (as certified by it) if it were to fund or of funding the relevant amount" is capable of including the actual or asserted cost to the relevant payee of raising money to fund the relevant amount by whatever means and may include shareholder funding as well as, or in the alternative to, borrowing or other forms of funding. Further, the learned Judge should have held that the "cost" of such funding may include the cost of any fees paid or charges incurred as a necessary requirement to raise the funding to fund the relevant amount. In failing to do so, the learned Judge erred in particular in the following respects:
  - (1) The learned Judge was wrong to construe the phrase "cost of funding" narrowly as meaning "interest payable on borrowing". In doing so, the

learned Judge failed to give due or sufficient weight to the natural or ordinary meaning of the words used. The natural meaning of "to fund" and "funding" is raising a sum of money. The natural meaning of "cost", in that context, includes all costs borne, or which would have been borne, by the relevant payee as a consequence of funding the relevant amount. Nothing in these words connotes a particular method of raising money or a particular source of costs.

- Or sufficient weight to the commercial rationale of the Default Rate provision. He also failed to have due or sufficient regard to the fact that the Master Agreements are drafted in a way which is designed to ensure that their provisions are appropriate and relevant in a range of different circumstances. A consequence of the learned Judge's construction is that, for a number of users of the Master Agreements and in a number of circumstances, there is no sensible commercial rationale for the method of compensation for late payment provided for by the Default Rate. For example:
  - (a) There is no sensible commercial rationale for requiring a relevant payee that has, in fact, bona fide and rationally chosen to fund the relevant amount though raising equity to certify the cost it would have incurred had it borrowed the relevant amount (see Judgment [163]). Such a cost does not reflect the cost that the relevant payee incurred in putting itself in the position it would have been in, had it been paid when due.
  - (b) There is no sensible commercial rationale for the Default Rate to require compensation for late payment to be assessed by reference to a cost which the relevant payee did not incur, or could or would not have incurred, as opposed to one which it actually or would have incurred.
  - (c) There is no sensible commercial rationale for requiring a relevant payee that cannot borrow at all (whether for reasons of creditworthiness, capital adequacy ratios or loan covenant restrictions

or any other reason) to certify the cost that it would have incurred had it borrowed the relevant amount. Such a cost does not reflect the cost that the relevant payee would have incurred in putting itself in the position it would have been in, had it been paid when due.

- (3) The learned Judge was wrong to approach the construction of the Default Rate provision on the basis or assumption that, since it is ultimately concerned with providing a rate of interest, it does so by reference to a cost which itself is in the nature of interest (Judgment [119], [142]). There is no reason, whether as a matter of construction or as a matter of commercial sense, to read the Default Rate provision as though it only encompasses "costs" which are already in the nature of interest. The Default Rate provision operates by deriving a rate of interest from a cost of funding. Such a rate can be derived irrespective of whether the relevant cost is itself in the nature of interest. The learned Judge was wrong to conclude otherwise.
- (4) The learned Judge wrongly concluded that the effect of the daily compounding provisions under sections 6(d)(ii) of the 1992 Master Agreement and section 9(h)(iii) of the 2002 Master Agreement supported his conclusion that "cost of funding" means "interest payable on borrowing". In this regard, the learned Judge wrongly construed the daily compounding provisions by concluding that they required the "cost" of the relevant payee's funding to be subject to daily compounding (Judgment [120]-[122]). In fact, under the Default Rate provision, a "rate equal to" the relevant payee's cost of funding provides the measure of the rate of interest payable. That rate of interest, and not the relevant payee's "cost of funding", is then compounded daily pursuant to the compounding provisions.
- (5) The learned Judge wrongly concluded that the cost of equity is "not actual" (Judgment [138]). Such a conclusion is inconsistent with the Judge's own recognition that equity funding has a cost (Judgment [142]) and fails to have due or sufficient regard to the fact that the cost of equity funding is a measurable cost, recognised as such and used as an important parameter by (among others) financial institutions, corporations and investment funds, all of which commonly are parties to ISDAs.

- (6) Having recognised that, in the context of the definition of "Loss" in the 1992 form of the Master Agreement, "cost of funding" encompasses the cost of equity funding (Judgment [146]), the learned Judge ought to have construed the same words in the same way in the context of the definition of the Default Rate. In this regard, the learned Judge was wrong to attribute different meanings to the same phrase in different parts of the Master Agreements.
- 5. Subject to the relevant payee's obligation to certify its cost of funding in good faith and rationally, the determination of the costs referred to above may take into account the consequences for the relevant payee of carrying a defaulted LBIE receivable on its balance sheet, as where (for example) the relevant payee's cost of borrowing or cost of shareholder funding is increased as a consequence of having a LBIE receivable on its balance sheet. The learned Judge erred to the extent that he held otherwise at paragraph 147 of the Judgment and, as a consequence, declaration (iv) is wrong to the extent that it reflects that error.
- 6. A party that funds the relevant amount or would have funded the relevant amount from the proceeds of a larger fund-raising transaction may apportion part of that transaction to the relevant amount, and certify the cost of that funding on a pro-rata (or other rational) basis, for the purposes of establishing its "cost...of funding" under the definition of Default Rate. The learned Judge erred to the extent that he held otherwise at paragraph 154 of the Judgment and, as a consequence, declaration (x) is wrong to the extent that it reflects that error.

### Declarations (xiii) and (xiv)

- 7. By these declarations, the learned Judge further defined the meaning of the expression "cost...to the relevant payee...if it were to fund or of funding the relevant amount" on the assumption that the phrase refers only to the cost which the relevant payee is or would be required to pay in borrowing the relevant amount under a loan transaction.
- 8. In making declarations (xiii) and (xiv) the learned Judge erred in law to the extent that those declarations are inconsistent with paragraphs 2 to 5 of these Grounds of Appeal.

### Declaration (xxii)

9. By this declaration, the learned Judge held that declarations (i) to (xxi) of the Order apply whether the underlying ISDA Master Agreement is governed by New York or English law.

10. In making declaration (xxii), the learned Judge erred in law to the extent that he held that declarations (ii)-(iv), (vi) and (viii) – (xiv) of the Order reflected the true meaning and effect of the New York law governed ISDA Master Agreements. Paragraphs 2 to 8 of these Grounds of Appeal are repeated.
