

# Workforce performance insights, *at the click of a button*

## Saratoga

**mySaratoga:** Quickly and easily create a dashboard of metrics with your own company data

### Reimagine the possible

- What are the right workforce metrics for my HR function?
- How can I demonstrate the impact of my HR strategy?
- Is my workforce as productive and engaged as my competitors?
- What workforce trends have occurred in my industry over the past few years – and what does this mean for me?

### What is Saratoga?

Saratoga is our **innovative online benchmarking solution**, which delivers a completely **new benchmarking experience** for your organisation. It allows you to easily and securely provide your data, and analyse it through **interactive benchmarking dashboards**.

**Provide a case for business change | Quick business performance rating | Fast end-to-end process**

“*The goal is to turn data into insight and insight into workforce performance.*”

Access to the **world's largest and most robust database** of people and functional performance metrics, enabling you to benchmark your organisation with **over 2,600 organisations globally**.

*HR analytics support is the top priority for organisations when asked about what would enhance their business decisions.*
