

# My Immigration Atlas

Next level planning – PwC's Immigration pre-planning tool

With cross border projects and global mobility on the rise it has never been more important to understand the impacts of immigration on your mobility strategy. Business is now looking to address the immigration feasibility of a move at the initial planning stage or a new hire, assignment or project.

## How we can help

PwC's myAtlas technology enables business to have an understanding of the costs, timings, feasibility the move, meaning that these are all considered at the outset, allowing business to plan more efficiently and make informed business decisions around their mobility strategy.

myAtlas provides 24 hour access to over 60 countries, complete with downloadable guidance.

This content is for general information purposes only, and should not be used as a substitute for consultation with professional advisors.
